

ADT : foundation

advancing digital technology in head & neck reconstruction™

ADT Membership Application

The ADT invests 100% in bringing value to those participating with ADT meetings and organization news briefs. However, as with all organizations, it does costs to operate the ADT. We therefore ask individuals to consider a small annual membership fee, in return for escalating benefits to ADT sponsored activities. Individuals becoming **Members** of the ADT are investing in their area of interest.

ADT Membership - \$150/year

- 15% discounted registration for the ADT Biennial Conference
- 15% discounted registration for RLG workshops
- Associate Member Luncheon at ADT meetings
- Access to Members list
- Access to ADT Resources
- Access to Industry Partner discounts: workshops & products (when available)
- Access to Institution and Organization Partners: Forums (when available)

The ADT Foundation thanks you for your kind consideration and support in the advancement of digital technology in head and neck reconstruction.

Respectfully,
ADT Foundation
